SUBHADIP BETAL

Associate Software Developer • Full-Stack Web & Laravel Engineer

Kolkata, West Bengal, India • subhadipbetal316@gmail.com • +91 7908435173 • github.com/lampapay • linkedin.com/in/subhadip316 • iampapay.github.io

EXECUTIVE SUMMARY

Software developer building innovative web solutions, RESTful APIs, eCommerce platforms, and educational management systems. Experienced in PHP, Laravel, MySQL, JavaScript, jQuery, Ajax, and Bootstrap, with a strong record of collaborating with talented teams, tackling challenging projects, and learning emerging technologies.

PROFESSIONAL EXPERIENCE

Associate Software Developer — Arctwist Technology Solutions (Rajarhat, Kolkata)

November 2022 – Present

- Architect, build, and maintain full-stack web applications, custom admin portals, and relational database architectures using PHP, Laravel, MySQL, JavaScript, jQuery, Ajax, and Bootstrap.
- Design and integrate RESTful APIs, asynchronous interfaces, and third-party messaging workflows (including WhatsApp Business API notifications).
- Collaborate across engineering teams using Git, GitHub, Bitbucket, and Jira to ship maintainable production releases on schedule.

KEY SOFTWARE PROJECTS

ByteGuide-Master — Training Institute Management System

June 2023 – Present • Stack: Bootstrap, jQuery, Laravel, MySQL • Live: cineteq.in/cineteq/login

- Manages faculty, academic batches, courses, and students, and sends placement opportunity messages through an integrated WhatsApp API.

CartWonders — Full-Stack eCommerce Application

December 2022 – Present • Stack: Bootstrap, jQuery, Laravel, MySQL • Repo: github.com/lampapay/CartWonders

- eCommerce application where administrators add and manage products and customers browse catalogs, add items to cart, maintain wishlists, and check out securely.

NarrativeNest — Content Management System (CMS)

April 2021 – June 2021 • Stack: HTML, CSS, jQuery, PHP, MySQL • Repo: github.com/lampapay/NarrativeNest

- Collaborative CMS where users create, edit, collaborate on, publish, and store articles, blogs, and media images.
